

# All about the [ Martin Luther King, Jr. Parkway Roundabout ] ROUNDAABOUT.

**JUNE — OCTOBER 2006**

When the Martin Luther King, Jr. Parkway Roundabout is completed it will keep traffic moving smoothly and safely without the need for traffic lights or stop signs, and it will ease congestion in the Gateway area. During construction, we recommend you; plan your travel route, allow extra travel time, and know where detours and road closures will occur.

You can help! Avoid peak-hour travel times when possible, plan your route, combine auto trips/errands, ride the bus, carpool, bike or walk. Commuter Solutions offers a variety of free programs and services in our area.

Go to: [www.KeepUsMoving.Info](http://www.KeepUsMoving.Info) for information on this, and other road projects occurring in our region Spring-Fall of 2006. You can even sign-up for email updates on road construction projects that will impact businesses, employees, customers, and vendors.

## Be part of the solution.

At [www.KeepUsMoving.Info](http://www.KeepUsMoving.Info) you'll find:

- How Commuter Solutions can help
- Suggested alternative or detour routes
- How you can get weekly Roundabout construction updates e-mailed to you
- All the benefits of a roundabout
- How to use the Roundabout (autos, bikes, pedestrians)
