

Washington/Jefferson Bridge Closure at Delta Highway Interchange

Target Closure Dates:*
 – To be determined
 – 4 days

Designated Detour:
 6th & 7th Streets to Coburg Rd. - Follow Signs

Suggested Alternate Routes:

- Delta Hwy.-Beltline or Goodpasture Island Rd.
- 6th St. and 7th St.
- Coburg Rd.
- Country Club Rd.
- Oakway-Cal Young Rd.
- Franklin Blvd.
- Harlow Rd.
- Centennial Blvd.
- River Rd.

How Traffic Will Be Affected:

On I-105

- * Two lanes of eastbound travel will be open east of Delta Hwy and will experience delay and congestion
- * Westbound travel from Springfield will be open to the Coburg Rd exit only
- * Westbound reentry onto I-105 accessed from Country Club Rd will be closed

How Traffic Will Be Affected:

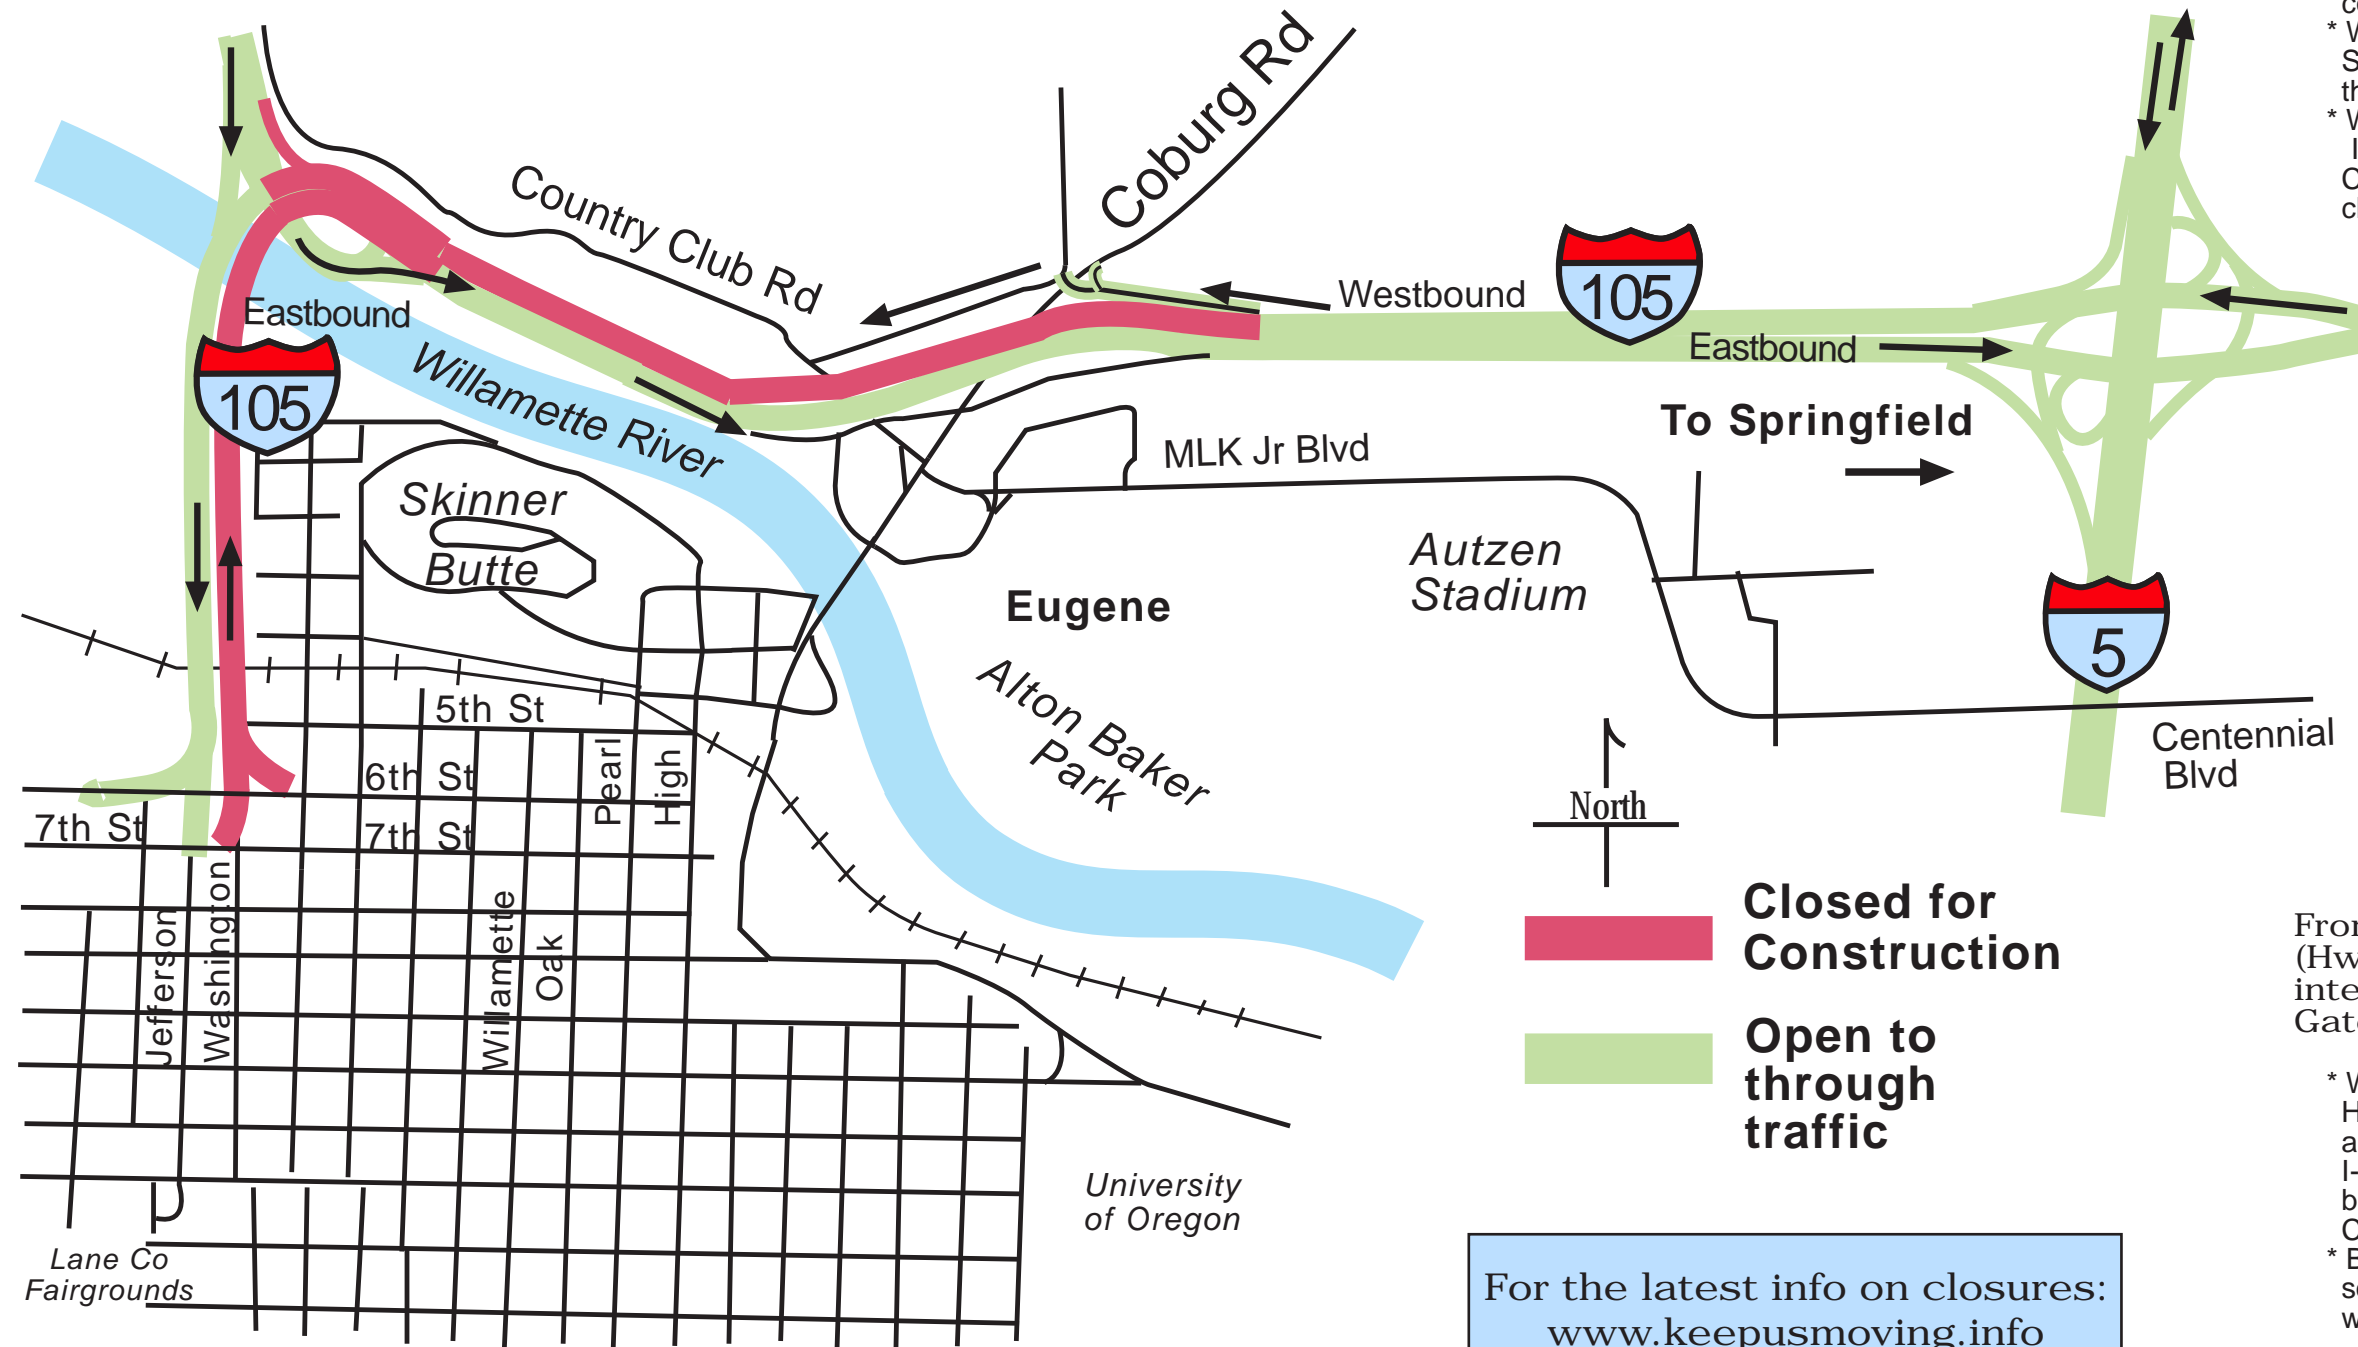

Delta Highway

- * Southbound Delta Hwy drivers will be able to enter both eastbound and westbound I-105, but expect major traffic delay and congestion

Washington/Jefferson Bridge (downtown Eugene)

- * Northbound traffic from downtown Eugene will not be able to access I-105. Eastbound I-105 and northbound Delta Hwy ramp is closed.

* ODOT and the contractor work closely to best estimate the dates that closures will happen, however, due to the nature of construction, these dates may change depending on factors such as weather and construction delay. The most current information on I-105 closures will be posted on the website on a weekly basis. Please check back regularly.

From I-5

- * All lanes of northbound and southbound I-5 traffic will be open, but expect increased congestion
- * Northbound traffic on I-5 will be able to take the westbound Eugene exit at I-105/Hwy 126
- * Southbound traffic on I-5 will be able to take the westbound Eugene exit at I-105/Hwy 126
- * All I-5 exits on Hwy126/I-105 will be open

From Springfield (Hwy 126/I-5 interchange - near Gateway)

- * Westbound traffic on Hwy 126/I-105 will be able to go westbound on I-105 toward Eugene, but all traffic must exit at Coburg Rd.
- * Both northbound and southbound I-5 onramps will be open
